

# Proximity of Oil and Gas Extractions to Protected Natural Areas

Oil and Gas extraction sites  
Protected Wilderness and Recreation Areas  
Colorado Counties  
Colorado Cities selection

There are three areas in which the Oil and Gas extraction sites are overlapping into Protected Natural Areas. These occur three times in Montezuma County, Three times in Mesa County, and two times in Rio Blanco County. This is a total of eight different locations where the extraction of Oil and Gas is directly effecting Protected Natural Areas.
